RE: Draft Final SCQ
Approval

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) draft final Sitewide Comprehensive Environmental Response, Compensation, and Liability Act Quality Assurance Project Plan (SCQ).

The draft final document has adequately addressed and incorporated U.S. EPA's previous comments. One minor exception is in the section of the document titled 'EPA Requirements for Quality Management Plans, Draft Interim Final' (EPA/QA/R-5, August 1994). This is cited in the text on page 5 of Section 1, but is not included in the reference section. This should be included in the reference section.

Finally, U.S. EPA has enclosed a signed signature page for the SCQ.

Therefore, U.S. EPA approves the draft final SCQ. With receipt of the signed signature page U.S. DOE can distribute a final version of the document.
